

QUALITY POLICY

This Company Policy statement applies to all aspects of Almetron's business including the manufacturing processes, the design and application of our products and the purchasing of raw materials.

COMMITMENT - Almetron Limited is committed to:

- Developing and standardising on products to meet customer requirements.
- Manufacture to prescribed / proprietary formulations using controlled operations and monitoring.
- Providing the highest possible standard of field and laboratory based technical service assisting the customer and monitoring product application and performance.
- Operation of a management system structured and regularly audited to ISO 9001-2015 and ISO14001-2015.
- Using reliable authorised suppliers and quality checked raw materials in its manufacturing, ensuring consistent quality.
- Monitoring and reviewing our systems and quality objectives for the continual improvement of operations and performance.
- Working proactively to maintain and improve customer satisfaction.

COMMUNICATIONS

The display of this policy statement at the factory entrance is to inform visitors and remind employees of the Company's commitment to quality assurance.

Ian Rogers.
